REQUEST TO DELETE A MAJOR OR MINOR

To Delete a MAJOR:

I have two majors. I wish to drop my major in _____.

My only major will be _____.

To delete a MINOR:

I wish to drop my minor in _____.

Note:

The College does not switch first and second majors except when a student declares a BS program as a second major program.

It does not matter which major is listed as your first major and which is listed as your second major unless you are earning a BS degree. The major in which you are earning a BS must always be listed first; you cannot earn both a BA and a BS degree.

If you have two majors you may attend either diploma ceremony. If you wish to attend the diploma ceremony for the major you declared second, please contact that department directly.
